

## Community Assistant

The University of Connecticut has a Community Assistant (CA) living at the Country Glen apartment complex. The CA is a current UConn upperclassman, whose job is to create a “community” among the many different students.

The CA plans social events for the residents to attend that focus on Academic Success, Life Skills, Cultural Exploration, Personal Wellness, and Community Development. Events planned may include: a trip to the Mystic Aquarium or Providence Place mall, game nights, a dance in the Branford House, a seal watch cruise, progressive dinners, and educational workshops including Drug/Alcohol Awareness, Sexual Consent and Date Rape, and Conflict Resolution.

Each apartment is required to meet with the CA in September to discuss an individual Cooperative Living Agreement, an informal document which sets a baseline of expectations and helps to work out any conflicts. A professional counselor is also available on campus for any other concerns that a student may have.

## Volunteer Opportunities

There are multiple opportunities for housing students to become immersed in their community if they are interested. Students should check the postings on the VISTA website, or contact the CA directly.

### Off-Campus Housing Information

# Off Campus Housing

---

## The Avery Point campus is now able to offer students an off-campus housing option.

Our arrangements for 2007-2008 are with two apartment complexes, each approximately three miles from the campus.

The lease is signed directly between the students, with parents co-signing in most cases, and the apartment complex. The lease spans approximately nine months to fit our academic calendar. This allows for occupancy from about mid-August to mid-May.

The apartments are one or two bedroom units at La Triumphe, and one, two, or three bedroom units at Country Glen. The one bedroom units serve as doubles, while the two bedroom units can be configured as doubles or triples, and so on.

There are multiple buildings in each complex. Students are **NOT** all placed in the same building, as this would be against Fair Housing Laws. Student apartments are side by side with other adults who are professionals working in

the region. Quiet hours begin at 10PM. This is **NOT** a dorm situation, but rather an alternative living option that affords students a high level of independence.

### Apartment Amenities

Apartments are unfurnished. They have washer/dryers inside each apartment. The kitchens are fully equipped with refrigerator, microwave, stove/oven, sink, and garbage disposal. The complexes also have pools and a work out facility.

You may tour the model apartments at any time Monday through Friday 10AM-6PM.
